PROFILE

ICT Professional with 2+ years of experience in technical support, network administration, fiber optic telecommunications, and cybersecurity. Experienced in troubleshooting hardware, software, and network issues, supporting enterprise systems, and delivering reliable customer service. Holds a KNEC Diploma in Information Communication Technology with Distinction and industry certifications, including CCNA, Cloud and Network Security, Google IT Support, and Google Cybersecurity. Looking to leverage my technical expertise, problem-solving skills, and telecommunications experience in a challenging ICT, Network Support, Fiber Optic, or Cybersecurity role.

EXPERIENCE

1 st Dec 2025 – To date	Assistant Splicing Technician and Direct Sales Agent (DSA) Jamii Telecommunication Limited (JTL) - Fiber optic cable splicing and termination - Network monitoring and fault detection - Troubleshooting telecom and fiber network issues - Testing and troubleshooting fiber optic networks - Use of fusion splicing machines and OTDR testing - Installation and maintenance of FTTH systems - Collaborated with teams using CRM systems and other digital solutions to improve operational efficiency. - Problem-solving and fault diagnosis in telecommunications networks - Provided technical guidance to clients on telecom products and services, enhancing user experience. - Leveraged ICT tools and software to streamline sales processes.
