RE: RECOMMENDATION LETTER FOR LUCAS CHERUIYOT

This is to certify that the student named above completed his industrial attachment at the State Department for Labour and Skills Development, Directorate of Information Communication Technology, from **5th August 2024 to 9th December 2024**.

During his attachment, Lucas was involved and supported the State Department in the following areas:

- Website development, System design and development,
- Database Management, Installation of programs and applications,
- Inspection and certification of new ICT equipment (computers, printers, switches, and routers) delivered by suppliers,
- Support for business applications including *Integrated Financial Management Information System* (IFMIS)
- Networking (Network Configuration and troubleshooting, Network Security, Security Audit, Firewall Configuration)
- Troubleshooting and solving problems with ICT devices.
- Hosting virtual meetings using Webex Suite Meeting Platform.
- Cybersecurity Workshops, Capture the Flags (CTFs), Cloud Security
- Design and implementation of a Secure File Sharing System.

Lucas exhibited a great deal of dedication and commitment to his work. He was hardworking, honest, and ready to do assignments given with minimal supervision. I would, therefore, not hesitate to recommend him to any future prospective employer or attachment for his career development.

Maurice Obura
