Testimonials - Nzula Mike Kiilu

1. Samuel Okuthe – Principal, Machakos Hospitality Technical Institute

"Nzula Mike is an exceptionally dedicated and reliable ICT professional. During his time as a Computer Applications Trainer, he demonstrated strong teaching ability, excellent technical skills, and remarkable discipline. He consistently delivered high-quality training and earned the respect of both students and staff. His professionalism, punctuality, and positive attitude make him an asset to any institution." **principal@mhti.co.ke | phone +254 725 504 257**

2. Joseph Nzioka – ICT Officer, Machakos Level 5 Referral Hospital

"Mike was one of the most dependable ICT interns we have had in recent years. He handled system support tasks with competence, assisted staff with hospital software operations, and showed strong capacity to learn under pressure. His calmness, teamwork, and problem-solving skills made him stand out. Mike is trustworthy, technically competent, and highly committed to his work." **FOR MORE INFO REACH ME VIA PHONE +254 795 938 980**

3. Kimuyu Joseph – Lecturer, Machakos University (TVET Department)

"Throughout his studies and attachment period, Mike proved to be hardworking, disciplined, and quick to grasp new technologies. He displayed excellent practical skills in programming, troubleshooting, and system configuration. I highly recommend him for any role that requires dedication, integrity, and strong technical acumen." **FOR MORE INFO REACH ME VIA +254 723 782 044**

4. Departmental Supervisor – Machakos Level 5 Hospital

"Mike consistently exceeded expectations in all assigned tasks. He approached every duty with professionalism and integrity, often going beyond his responsibilities to support staff and ensure smooth operations. His ability to remain composed in fast-paced, high-pressure situations is commendable."

5. Student Feedback – Machakos Hospitality Technical Institute

"Mr. Mike is an excellent trainer. He explains concepts clearly, provides hands-on guidance, and motivates students to improve their ICT skills. His patience, friendliness, and teaching style made learning enjoyable and effective."
